UCI Writing Project's Summer Youth Program 2019

Session 2: June 24 - July 11
Session 3: July 15 - August 1

The UCI Writing Project is celebrating its 36th year of its Summer Youth Program! Established in 1984, the Summer Youth Program has impacted thousands of students from around the globe with its mission to improve student writing and learning by improving the quality of teaching. The UCI Writing Project boasts a network of over 200 certified educators in Southern California to ensure quality instruction suitable for grades K-12 designed to meet the California Common Core Standards. The program continues to excel and grow each year through the research and guidance of the Director of the UCI Writing Project, Dr. Carol Booth Olson.

Young Writers: Grades K - 10  9:00 a.m. - 11:30 a.m.
Our children are potential authors with important stories to tell. This section introduces students to writing with an interactive dialogue journal and fosters a love of reading through experimental, hands-on, fun-filled activities. Our workshop offers a unique opportunity for students to develop their talent as writers. Experienced teachers guide students through a step-by-step approach to writing: prewriting, precomposing, writing, sharing, revising, editing, and evaluating.

Young Math/Science: Grades K - 8  12:00 p.m. - 2:30 p.m.
The Young Math/Science Workshops offer students the opportunity to further develop higher level thinking skills by doing hands-on activities that integrate math and science. To promote critical thinking, students are encouraged to use a variety of problem solving strategies:
- reasoning with logic
- utilizing charts and diagrams
- identifying patterns

After School Programs: Grades K-6  2:45 p.m. - 4:30 p.m.
After school classes are available only at the Irvine - Tarbut V'Torah location. For more detailed program information, visit our website!
- Sports & Fitness Class
