Dear UCIWP Fellows:

As in other years, we're inviting you to nominate teachers whom you think will make strong candidates for the Writing Project. Any teacher who is nominated by one of you will receive a personalized letter inviting them to apply and listing who nominated them. We always try to interview all candidates nominated by UCIWP Fellows.

If you know of someone who has always wanted to attend the Institute but hasn't been able to apply, please encourage that person to apply. Catherine and I are especially interested in teachers who are truly seeking to join a long term learning community and would be likely to join Writing Project II.

Please take the time to jot the names and addresses of someone you feel would make a strong contribution to the Writing Project and return the enclosed form to us by mail or to Sasha Stone at stonesj@uci.edu at your earliest convenience. The people who come to us nominated by UCIWP Teachers/Consultants always make great Fellows!

Thank you and best regards,
